## **GLUEFAST INTRODUCES MATHESIVE 202**

**Water based adhesive for gluing paper-to-paper & styrene items**

- Faster setting than our MATHESIVE 101, this new adhesive was designed for two key gluing jobs:
  - For gluing matboard to matboard
  - For gluing dustcovers to wood and styrene frames.
- Its fast setting formula is safe even for use as a Food Packaging Adhesive. Available in quarts, gallons, 5-gallon pails and 55-gallon drums.
- Designed for use in the new *SOLO GLUE RITER™* from Gluefast (photo at left) but also works in simple squeeze bottles, roll coaters, and pressure tanks.

The Gluefast Company has manufactured gluing equipment and adhesives for the packaging, converting, and graphics industries for more than 65 years! Gluefast can be found on the web at [www.gluefast.com](http://www.gluefast.com).

For further information please contact Lester Mallet by phone or e-mail: [lmallet@gluefast.com](mailto:lmallet@gluefast.com). We would be happy to provide you with the above photo for your needs.
